COVID-19 Vaccine and Immunization Information

The approval and rollout of COVID-19 vaccines in our region provides an optimistic picture for the future. The Simcoe Muskoka District Health Unit, in partnership with key community stakeholders like the Town of New Tecumseth, is leading the efforts to coordinate immunizations of residents in Simcoe Muskoka. More information on community COVID-19 vaccine clinics, vaccine information and who can get the vaccine can be found on the [Simcoe Muskoka District Health Unit](#) website.

As we wait for the COVID-19 vaccine to be available for everybody who wants it, we must not let our guard down. It will take many months to immunize people in our region and contain this deadly virus. I am asking all New Tecumseth residents to stay home as much as possible and following all public health guidelines.

I know people have made tremendous sacrifices so far during this pandemic, but with vaccines now available, there is hope that we will soon be able to return to a normal life. But until everyone is immunized, please stay home, stay safe and save lives.

Rick Milne, Mayor
Town of New Tecumseth
