Provincial Stay-at-home order

During the provincially mandated Stay-at-Home order, I would like to remind everyone in the Town that you should be staying home except for essential reasons such as going out for groceries or exercise and being sure to stay as close to home as possible. Please review the Town's [COVID-19 page](#) for more information.

The Town of New Tecumseth continues to respond to COVID-19. The only way to stop the third wave of COVID-19 is to stay home, stay apart, keep careful distance from people from other households even when outdoors, wear a mask and get vaccinated as soon as possible. Anyone hesitant about vaccination is strongly encouraged to find a trusted healthcare expert and talk about what is best for you.

I would like to take this opportunity to thank all the volunteers at the COVID- 19 Immunization clinics in New Tecumseth. I recently visited each clinic to personally thank all the volunteers for their hard work and dedication. I have had conversations with the volunteer coordinator for the vaccination clinics in New Tecumseth and they are always looking for additional volunteers for the vaccination clinics. If you know of any individuals or community groups that would be interested in volunteering their time for these clinics, please contact Marissa at 705-435-7218.

I encourage everyone to continue to get their information from reliable sources and follow the advice of medical experts. For up to date information on the impacts to Town services, please review the Town's [COVID-19 page](#) for more information

Please stay safe,

Rick Milne, Mayor
Town of New Tecumseth
