

Quality Management System Policy for the Town of New Tecumseth Wastewater Treatment and Collection System

The Municipality of the Town of New Tecumseth owns, maintains and operates the New Tecumseth Wastewater Treatment and Collection System. The Town of New Tecumseth is committed to:

- Complying with all applicable legislative and regulatory requirements to collect and treat wastewater safely
- Protect the natural Environment surrounding the Wastewater Treatment Plant and Sewage Pumping Station
- Maintaining and continually improving the Wastewater Quality Management System
- Maintain system integrity and sustain effluent water qualities

The Municipality of the Town of New Tecumseth
