

## FACILITY PROTOCOLS

The purpose of this document is to outline safety protocols for users and user groups in Town owned recreation facilities to help prevent the spread of COVID-19. In this document, users include permit holders, spectators, visitors, participants, and patrons using the facilities. Please follow the protocols listed below and communicate them with your participants. We look forward to your visit.

### Health & Safety Expectations:

All users are to follow all current and future COVID-19 Public Health and Provincial regulations and public health measures including but not limited to proper sanitation, safe physical distancing, personal protective equipment, including face coverings, and gathering of people.

**The Permit Holder and/or their Designate is responsible for screening and contact tracing for all individuals associated with their rental including all attendees, spectators, guardians etc.**

Contact information must be dated and securely retained for reference, for 30 days from each facility booking permit date. A copy of this information is to be submitted to the designated onsite Town of New Tecumseth staff upon entry to facility (15 minutes prior to booking time) where it will also be retained by the Town for 30 days from the date of the permitted rental.

We strongly encourage all participants to use the Ontario Self-Assessment online screening tool at <https://covid-19.ontario.ca/self-assessment/>.
