

T22-04 7th Line Road Reconstruction

April 21, 2023

NOTICE TO RESIDENTS / PROPERTY OWNERS

7th Line Road Reconstruction Contract No. T22-04

Notice for Start of Construction

Please be advised that the Town of New Tecumseth will resume the completion of the 7th Line Road Reconstruction contract (“Works”) following the winter shutdown period. The works will continue to be undertaken by Fermar Paving Limited (“Contractor”) and Triton Engineering Services Limited (“Consultant”) will provide Contract Administration and Inspection services for this project on behalf of the Town.

The Contractor anticipates to commence during the week of **May 1st, 2023** with completion anticipated by **June 30, 2023**. During this construction period, the 7th Line will remain closed to through traffic between Sideroad 10 and Sideroad 15.

The detour routes will incorporate Sideroads 10 and 15 to the 8th Line, as identified in the attached Location and Traffic Detour Plan for reference. Signed detour routes will be provided to direct motorists around the road closure. Construction and advisory signs will also be erected prior to construction.

The Contractor is required to maintain one lane of vehicular traffic during working hours for local traffic only. In some cases, access may only be available from either Sideroad 10 or Sideroad 15. You will be notified if these restrictions are planned and implemented.

You will experience some delays and inconvenience during this time, and in this regard, we respectfully ask for your cooperation and patience in order to complete this project in a timely and efficient manner. We advise that when driving or walking through and around the construction work zone, that you follow and obey the construction signage for your safety and for the safety of the workers.

Should you have any questions or concerns related to this project, please contact the following project team:

Frequently Asked Questions:

What are the construction Work hours?

Work will take place between 7:00 a.m. to 7:00 p.m., Monday to Friday. In the event of extreme or emergency situations, Work may take place after hours and /or on weekends and only with the Town's approval, however not anticipated.

What kind of inconveniences are expected during construction?

You may experience dust, noise and other inconveniences. The Town will make every effort to reduce and mitigate the impacts.

Additionally, driveway access may be disrupted from time to time. As required, personnel on-site will coordinate any driveway disruptions/closures with residents to minimize the length of closure and to ensure alternate parking arrangements are made. Any Residents that require special accommodations that could be adversely affected by driveway access interruptions are asked to contact the Consultant Field Representative identified within this Notice as soon as possible.

Will our general garbage, yard waste and recycling service be disrupted during construction?

Please have your waste and recycle bins out at the end of your driveway prior to 7:00 am on your regularly scheduled pick up day. The Contractor will relocate the bins as necessary to enable the County's solid waste contractors to gain access to them. We ask that you label your municipal address on all bins to assist returning them.

Will our mail delivery be disrupted during construction?

Mail delivery will continue throughout construction and the Contractor will coordinate any required mailbox relocations with Canada Post. If mailbox relocations are required, further notice will be provided to affected residents.

Will the school bus services be disrupted during construction?

School bus arrangements will be coordinated with the County's School Bus Consortium. At this time, no adjustments to the route or pick up/drop off locations is anticipated due to the construction. If any adjustments are required, further notice will be provided to affected residents.

Will my utilities be disrupted during construction?

Telephone, electrical, cable TV and gas services should not be affected by the construction, barring any unforeseen circumstances. However, the following residents on the 7th Line may be affected as a result of gas service relocation work: #5551, #5556, #5569, #5579, #5603, #5679, #5717, #5727, #5789, #5873, #5877, and #5904. Further notice with details will be provided to these affected property owners.

Who do I call if I have a problem with the Construction activities?

For an immediate response, please contact the Town's Project Management Representative identified within this Notice.

Other Important Information:

Vibration Monitoring

The Contractor will be carrying out vibration monitoring of the project area for structures within 50m of the Town's right of way limits. The monitors will be placed near the property lines. This is to provide a record in the unlikely event that any damage occurs and determine losses as a result of the construction activities.

Privately Owned Items

The Town will not be responsible for damages to any privately owned items on Town property. Property owners should remove items located within Town property limits, such as landscaping and/or decorative objects. If you have a sprinkler system, water well and/or septic bed located in close proximity to the Town property limits, please contact the Consultant Field Representative identified within this Notice.

Safety

Construction involves the use of heavy equipment and the unavoidable creation of obstacles. These circumstances are often attractive to children, and as such, we ask that you please caution your children to stay clear of the construction work zone.

While the contractor is required to conduct the Works in a safe manner, we ask that you please take extra caution during the construction period as an additional measure.

Access for Agricultural Purposes

Due to the nature of the Works and depending on the location of construction operations, safe access may not always be permitted for large agricultural equipment. If access is required within the construction limits, we ask that you contact the Consultant Field Representative to coordinate an accommodation to the extent possible.
