

## **Notice of Virtual Public Open House** **Church Street North Road and Bridge Improvements**

Please be advised that the Town of New Tecumseth is preparing to undertake road and bridge improvements along Church Street North, between Victoria Street and Hussey Street in Alliston. Additionally, the extension of the Merlyn Duffin Walkway along the Boyne River is being considered as part of this project. For detailed project limits, please refer to the location.

The primary scope and objectives of the project are to:

- Urbanize the road cross-section, eliminate roadside ditches and ensure the proper conveyance of stormwater flows
- Improve the condition of existing infrastructure (watermain, sanitary sewer)
- Replace and widen the bridge
- Improve traffic operations on Church Street North
- Install bike lanes
- Merlyn Duffin Walkway extension along the Boyne River

A Virtual Public Open House (VPOH) is being held to present the proposed works to the public for review and comment.

**Date:** Tuesday, December 23<sup>rd</sup> to Friday, January 23<sup>rd</sup>, 2026

**Location:** Town website:

<http://www.newtecumseth.ca/en/business-and-development/church-street-improvements.aspx>

To help the project team address any specific issues or considerations during the design phase, please find attached Questionnaire and VPOH Comment Form. Submission dates and information can be found on the comment form.

Should you have any questions or concerns related to this project, please do not hesitate to contact:

**Project Engineer**

Mrs. Emma Wilkinson, H.B.A., B.E.Sc. P.Eng.

Project Manager, Senior Engineer

**Tatham Engineering Limited**

Tel: 705-444-2565 ext. 201

Email: [EWilkinson@tathameng.com](mailto:EWilkinson@tathameng.com)

**Town of New Tecumseth**

Rob Greenwood, PMP, C. Tech

Project Manager, Town of New Tecumseth

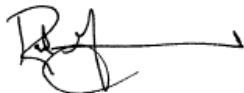

Tel: 705-415-1930

Email: [rgreenwood@newtecumseth.ca](mailto:rgreenwood@newtecumseth.ca)

In the event the resident of the house is not the property owner, we would request that this letter also be forwarded to the appropriate person/property owner.

Over the next two months, the project team will review and address stakeholder comments as necessary, finalize the design drawings and contract packages, incorporate relevant feedback from the public and approval agencies, and secure the required approvals. Utility relocations are proposed to commence in the new year to prepare for the upcoming road and bridge construction.

Respectfully,

Rob Greenwood,  
Project Manager, Town of New Tecumseth
