Please provide your comments in the space provided below and return by Friday, January 23rd 2026. Comment sheets can be emailed to greenwood@newtecumseth.ca or dropped off at the Town Administration Building in Alliston.

- 1. Are you aware of any privately owned features that may be located within or encroach onto the municipal boulevard such as gardens, planters, irrigation/ sprinkler systems, electrical power cables, fences, security systems, etc.? These items are to be removed by the owner prior to construction. Neither the Town or Contractor will not be responsible for any potential damages if they need to relocate these during construction.

Yes No If the items can't be removed prior to construction, please provide more detail:

Blank lines for providing details for question 1.

- 2. Vehicle access to your property may be limited at times during construction. Do you have a need for frequent business delivery access, and/or for other purposes on a daily basis?

Yes No If yes, please explain

Blank lines for providing details for question 2.

- 3. Do you require any special accommodations throughout construction that the Contractor may need to consider?

Yes No If yes, please provide more detail

Blank lines for providing details for question 3.
