Project No. T05-BE

NOTICE TO RESIDENTS / PROPERTY OWNERS

Dayfoot Street Improvements – Phase 1 Dayfoot Street from Lilly Street to Danielle Gate

Construction Update Notice - Spring/Summer 2024

The **Dayfoot Street Sanitary Trunk Sewer – Phase 1** project started on February 7, 2023, by John Bravakis Enterprises Ltd. ("Contractor"). This Notice to Residents and Property Owners summarizes the anticipated works to occur over the following few months to complete Phase 1.

Scheduled Works

As part of the upcoming works, the Contactor will:

- Supply, install and fine grade topsoil as weather permits.
- Plant remaining trees in boulevards as well as installation of sod.
- Pave the remaining asphalt driveways.
- Pave top course surface asphalt and paint permanent pavement markings on Dayfoot Street and applicable side streets.
- Continue electrical works.
- Install remaining sidewalk.
- Adjust residential storm services to finished grade and install grate at the surface.

The contractor is expected to fully re-mobilize in July once school is finished to complete the works above. A full road closure is not expected as the works can be completed within a temporary single road lane closure.

The contractor may be on site periodically from the date of this letter to complete minor work or inspections in advance of July. Works are expected to be substantially completed by the end of August 2024.

Please be advised that these scheduled works are weather dependant and subject to delays due to unforeseen circumstances.

Construction and advisory signs will be erected/relocated before construction begins in each section. We advise that when you drive or walk through or around the construction work zone, that you obey the construction signage for your safety and for the safety of the workers.

You will experience some delays and inconvenience during this time. In this regard, we respectfully ask for your cooperation and patience to complete this project in a timely manner.

Should you have any questions or concerns related to this project, please contact the following project team:
