Project No. T05-BE

NOTICE TO RESIDENTS / PROPERTY OWNERS

Dayfoot Street Improvements – Phase 1 Dayfoot Street from Lilly Street to Danielle Gate

Notice for Start of Construction and Road Closure

Please be advised that the Dayfoot Street Sanitary Trunk Sewer – Phase 1 contract ("Works") was awarded to John Bravakis Enterprises Ltd. ("Contractor"). C.F. Crozier & Associates Inc. ("Consultant") has been retained to provide Contract Administration and Inspection services for this project. The Town Liaison for the project will be R.J. Burnside & Associates Limited.

The Contractor anticipates commencing preliminary, preparatory works during the week of April 24, 2023.

The Contractor will be closing Dayfoot Street from Lilly Street to Stewart Street and English Drive, from Centre Street to Dayfoot Street the week of May 1, 2023.

The sections of road to be closed along Dayfoot Street and English Drive will be closed to through traffic between Lilly Street pursuant to Temporary Highway Closure By-law #2022-102.

Road closure is scheduled for **Monday, May 1, 2023, at 7:00 a.m.** and required to be in place until completion, which is anticipated for **September 1, 2023 at 7:00 p.m.** (Weather permitting).

The intersection of Centre Street and English Drive will be closed temporarily when construction is being completed within the intersection. Future notices will be issued to advise when the intersection will be opened to through traffic.

The scope of work also includes, but is not limited to the following:

- replacement of sanitary and storm sewer, including all service connections and appurtenances;
- replacement of watermain, including all service connections and appurtenances;
- replacement of roadway granulars;
- installation of concrete curbs and sidewalks;
- placement of base and surface asphalt;
- restoration of driveway entrances; and
- restoration of boulevards.

Refer to the attached **Road Closure & Detour Plan** for the road closure and detour information. Some works such as stripping topsoil and driveways, installation of dewatering system, sanitary bypass system, erosion and sediment control measures and temporary water supply will occur in April 2023. During this work, temporary lane closures may be necessary.

The detour routes will be posted on site as shown on the **Road Closure & Detour Plan** below. The contractor is required to maintain one lane of vehicular traffic during working hours for local traffic only.

In some cases, temporary access to your driveway may be limited, or only be available from either the North or South limits of construction. You will be notified when these restrictions are in place and alternative arrangements will be coordinated in advance.

Construction and advisory signs will be erected prior to construction. Signed detour routes will be provided to direct motorists around the road closure. We advise that when driving or walking through and around the construction work zone, that you follow and obey the construction signage for your safety and for the safety of the workers.

You will experience some delays and inconvenience during this time, and in this regard, we respectfully ask for your cooperation and patience in order to complete this project in a timely and efficient manner. Should you have any questions or concerns related to this project, please contact the following project team:

Frequently Asked Questions:

What are the construction Work hours?

Work will take place between 7:00 a.m. to 7:00 p.m., Monday to Friday. In the event of extreme or emergency situations, Work may take place after hours and /or on weekends and only with the Town's approval, however not anticipated.

What kind of inconveniences are expected during construction?

You may experience dust, noise and other inconveniences. Every effort will be made to reduce and mitigate the impacts.

Additionally, driveway access may be disrupted from time to time. As required, personnel on-site will coordinate any driveway disruptions/closures with residents to minimize the length of closure and to ensure alternate parking arrangements are made. **Any Residents that require special accommodations that could be adversely affected by driveway access interruptions are asked to contact the Town Liaison identified within this Notice as soon as possible.**

Will our general garbage, yard waste and recycling service be disrupted during construction?

Please have your waste and recycle bins out at the end of your driveway prior to 7:00 am on your regularly scheduled pick up day. The Contractor will relocate the bins as necessary to enable the County's solid waste contractors to gain access to them. We ask that you label your municipal address on all bins to assist us in returning them.

Will our mail delivery be disrupted during construction?

Mail delivery will continue throughout construction and the Contractor will coordinate any required mailbox relocations with Canada Post. If mailbox relocations are required, further notice will be provided to residents.

Will the school bus services be disrupted during construction?

The Contractor will coordinate the school bus arrangements with the County's School Bus Consortium. If any adjustments to the route or pick up/drop off locations are required due to the construction, further notice will be provided.

Will my utilities be disrupted during construction?

Telephone, electrical, cable TV and gas services should not be affected by the construction, barring any unforeseen circumstances.

Who do I call if I have a problem with the Construction activities?

For an immediate response, please contact the Town's Liaison or the Town's Project Management Representative identified within this Notice.

When is the grass expected to be restored

Sod placement will occur in the summer and fall following completion of all boulevard works (sidewalk construction and topsoil grading). A member of the project team will reach out to individuals directly should sod placement be required on private property.

When are the replacement trees expected to be replanted?

Tree plantings will occur in the fall when construction has completed. A member of the project team will reach out to individuals directly regarding the exact location and species for any replantings.

Other Important Information:

Building Pre-construction Survey

Pre-construction survey notices were delivered between December, 2022 and January, 2023 to residents. If you missed the notice and would like to schedule a pre-construction survey, please reach out to the project team immediately. Participation is on a voluntarily basis, however recommended as we note that it is important measure to determine if any losses are caused by the construction activities.

Privately Owned Items

The Contractor will not be responsible for damages to any privately owned items on Town property. Property owners should remove items located within Town property limits, such as landscaping and/or decorative objects. If you have a sprinkler system and/or septic bed located in close proximity to the Town property limits, please contact the Town Liaison identified within this Notice.

Safety

Construction involves the use of heavy equipment and the unavoidable creation of obstacles. These circumstances are often attractive to children, and as such, we ask that you please caution your children to stay clear of the construction work zone.

While the contractor is required to conduct the Works in a safe manner, we ask that you please take extra caution during the construction period as an additional measure.
