GENERAL INFORMATION

This application form must be completed in its entirety and submitted to the Town for consideration.

Minor Variance is the term used under the Planning Act R.S.O 1990 for a site specific exception to the requirements of the Zoning By-law. It does not amend the By-law.

The Committee of Adjustment is the approval authority. They may grant a variance if:

- They are satisfied that the general intent of the Official Plan and the Zoning By-law are maintained;
- The development permitted by the variance will be appropriate and the variance is desirable for the appropriate development of the property;
- There are not any detrimental impacts to neighbouring properties and/or land uses; and,
- The variance is minor.

The process for reviewing an application for a minor variance is established by the Planning Act. These requirements must be met as part of the municipal review and approval procedures.

Personal information on this form is collected under the legal authority of the Planning Act.

Complete and accurate submissions are required to ensure that the file can be processed. **Incomplete or inaccurate applications will be returned to the applicant for re-submission.** Except for required signatures, answers must be typed or neatly printed in dark ink, suitable for reproduction. All sections must be completed, or marked "N/A" (not applicable), as the case may be.

Where a study may be required as part of the submission requirements, the Town may retain the services of a peer reviewer. The cost of peer reviews required for processing applications where resources outside of Municipal Staff are required for the review shall be charged to the applicant plus 5% for administrative costs in addition to other applicable fees in accordance with the Town's Fees and Charges By-law.

OUTLINE OF MINOR VARIANCE APPLICATION REVIEW AND APPROVAL PROCESS

The following is a brief description of the Committee of Adjustment process which provides information on how to ensure that the application is reviewed as efficiently as possible:

Step 1 Application Pre-consultation

All applicants are required to arrange a pre-consultation stage 1 meeting with the Planning and Development Department. Pre-consultation assists the applicant in making the appropriate submission. No pre-consultation fees are required for a potential Minor Variance application. During the pre-consultation meeting, applicants will be provided with relevant information regarding the proposal including the policies and requirements of the Town and how they may impact the proposal. Applicants will also be advised with regard to related approvals, and other agencies that could be consulted with to obtain further information. Planning staff will provide a written Record of Consultation within 30 days, outlining any requirements as per the Town's Pre-Consultation for Submission of Planning Application and Complete Applications By-law 2022-107, as amended from time to time.

Step 2 Submission of Application and Initial Review

Applications will not be officially accepted until they are deemed complete. It is required that one (1) digital copy of the application be filed with the Planning and Development Department (hardcopy should be available upon request). When an application has been submitted it will be reviewed to ensure that it is complete and that all relevant information and fees have been submitted. The application must be accompanied by a plan as prescribed in this application. The Planning and Development Department may require that the plan be signed by an Ontario Land Surveyor. If the subject property has joint ownership, signatures of all joint owners, are required on the application.

Step 3 Comprehensive Review

Following the initial review and on the determination that the application is complete and accurate, a comprehensive review will take place. At this time the application will be reviewed by all relevant Town departments and may also be reviewed by the Town's solicitor. During this process the application will also be circulated to other review agencies as applicable. As this process takes place, applicants may be advised of additional submission requirements to address any issues which may arise.

The comprehensive review process also includes public input. Information concerning the application will be circulated to adjacent property owners and interest groups and the applicant will be required to post a sign on the property. It is the responsibility of the applicant to ensure that the sign is posted in accordance with the instructions attached to this application, and that the sign stays in place for the required posting period. Failure to do so will require that this process be repeated resulting in unnecessary delays to the processing of the application.

Toward the completion of the comprehensive review period, the Town Planning and Development Department will prepare a report for the Committee of Adjustment with a recommendation on the proposed application.

Step 4 Committee of Adjustment Meeting and Application Decision

Following any necessary public consultation and the preparation of staff comments, the Committee of Adjustment will meet and make a decision regarding the application. It is advised that the applicant be present at the meeting in order to answer any questions of the Committee or the public.

Following the Committee's decision, a notice of decision will be circulated. If the project is approved, applicants will be informed of the approval and any conditions which are required to be completed. If the application is refused, applicants will be informed of the decision and the reasons for the decision, as well as any opportunity available for appealing the decision.

All decisions regarding the application are subject to an appeal period of 20 days during which an appeal may be filed by applicants, agencies, interest groups and/or the public to the LPAT. If a decision is appealed, applicants will be contacted to discuss the appeal and its implications on the proposal.
