

Background

The Town of New Tecumseth has retained the services of the Ainley Group to undertake a Municipal Class Environmental Assessment (Class EA) to facilitate improvements to the intersection of 10th Sideroad and 6th Line, as illustrated in the accompanying study area map. This project has been initiated to identify appropriated roadway and intersection improvements, which will reduce the potential occurrence and severity of accidents and collisions.

This project will follow the Schedule 'B' planning and design process in accordance with the *Municipal Class Environmental Assessment (Oct. 2000, as amended 2007, 2011 & 2015)*.

Public Information Centre

A Public Information Centre (PIC) has been scheduled to introduce the project and to allow all interested parties an opportunity to review the alternative solutions developed to address the identified deficiencies and to discuss the project with the study team. Some of the alternatives include operational enhancements, geometric improvements, and signalization of the intersection. The PIC has been scheduled as follows:

Date: October 8, 2019

Time: 5:30 pm - 7:30 pm

Location: Tottenham Community
Centre
139 Queen Street N
Tottenham, ON, L0G 1W0
(905) 435-4030

Comments

Public input is encouraged throughout this process and will be given consideration during the planning and design of this project. The deadline for the submission of comments following the PIC will be **October 22, 2019**. If you are unable to attend the PIC, presentation material will be available on the municipality's website at www.newtecumseth.ca after October 8, 2019. Information will be collected in accordance with the *Municipal Freedom of Information and Protection of Privacy Act*. With the exception of personal information, all comments submitted will become part of the public record.

To obtain additional information or to provide input, please contact either of the following members of the study team:

Mr. Sean Sexsmith
